Jurnal Natural (JN) was published by the Faculty of Mathematics and Natural Sciences, Syiah Kuala University since 2001 in association with the professional association: IndoMS, HKI, PSI, HAGI. JN is an open access journal involving anonymous (blind peer-reviewed) reviewer partners. Since 2011, JN has been using the Open Journal System (OJS) in article processing. Until now JN is published three times a year, February, June and October. The manuscript published in JN is an original script that contributes to state-of-the-art and applications in the field of mathematics and science.

Jurnal Natural (JN) is entirely open access, with apply a publishing charge for authors. The review process is blind review and efficient.

Jurnal Natural (JN) is Nationally Accredited by Ministry of Research and Technology/National Research and Innovation Agency, Number 148/M/KPT/2020 (Sinta Category 2). Additionally, Jurnal Natural has also been indexed in DOAJ as well as the Index Copernicus International (ICI) Journals Master List in 2021 (ICV score 100).

Peer Reviewers in this issue:

Agustiansyah, Department of Agrotechnology, Faculty of Agriculture, Universitas Lampung, Indonesia
Decky Indrawan Junaedi, Pusat Penelitian Konservasi Tumbuhan dan Kebun Raya LIPI, Indonesia
Dewi Elfidasari, Department of Biotechnology, Universitas Al Azhar, Indonesia
Fitri Indriani, Department of Silviculture, Faculty of Forestry, Institut Pertanian Bogor, Indonesia
Hartati Oktarina, Plant Protection Department, Faculty of Agriculture, Universitas Syiah Kuala, Indonesia
Hilwan Yuda Teruna, Chemistry Department, FMIPA Universitas Riau, Indonesia
Kanthi Widayati, Biology Department FMIPA IPB University, Indonesia
Khairan, Pharmacy Department, FMIPA Universitas Syiah Kuala, Indonesia
Meutia Zahara, Department of Biology, Universitas Muhammadiyah Aceh, Indonesia
Muhammad Iqhrammullah, Graduate School of Mathematics and Applied Sciences, Universitas Syiah Kuala, Indonesia
Muliadi Ramli, Chemistry Department, FMIPA, Universitas Syiah Kuala, Indonesia
N. Sri Hartati, Pusat Penelitian Bioteknologi, LIPI, Indonesia
Nerdy, Pharmacy Department, Academy of Pharmacy Yayasan Tenaga Pembangunan Arjuna Sumatra Utara, Indonesia
Novianti Adi Rohmanna, Agroindustrial Technology Department, Faculty of Agriculture, Universitas Lambung Mangkurat, Indonesia
Robiatul Adawiyah, Faculty of Agriculture, Universitas Halu Oleo, Indonesia
Siti Hafsa, Department of Agrotechnology, Faculty of Agriculture, Universitas Syiah Kuala, Indonesia
Taufan Hidayat, Faculty of Agriculture, Universitas Syiah Kuala, Indonesia
Yusniwati, Faculty of Agriculture, Universitas Andalas, Indonesia

TABLE OF CONTENTS

Root induction of <i>Phalaenopsis amabilis</i> with various species and concentrations of the banana extract by in vitro AISAR NOVITA, WILLY EKA PRASETYA, WAN ARFIANI BARUS	130-134
Immobilization of urease from <i>Phaseolus vulgaris</i> L. seeds using calcium alginate as a support matrix ZUSFAHAIR, DIAN RIANA NINGSIH, AMIN FATONI, ELY SETIAWAN	135-140
Natural flavoring formulations of straw mushrooms and quality test with variations in temperature and drying time SADLI SADLI, SITTI SALEHA, RAIYAN RAIYAN	141-147
Mammals' abundance in Lingga Isaq Hunting Park Landscape, Aceh CUT MAILA HANUM, MA'RIFATIN ZAHRAH, MALAHAYATI DAUD, ROZZA TRI KWATRINA	148-155
Intercropping system of <i>Capsicum annum</i> L. and <i>Tagetes erecta</i> with application of cow waste compost and mycorrhiza SUSWATI, SERI DEPI, SITI MARDIANA, SAISA, SAIPUL SIHOTANG	156-167
Comparison of two DNA extraction methods for dry leaf Dipterocarpaceae NITA TAUHIDA, ESSY HARNELLY, ISKANDAR ZULKARNAEN SIREGAR	168-172
Resistance status and physiological responses of <i>Dactyloctenium aegyptium</i> to diuron herbicide in pineapple plantation RESTI PUSPA KARTIKA SARI, NANIK SRIYANI, YUSNITA, HIDAYAT PUJISISWANTO	173-181
The affect of some natural preservative solutions and immersion time on the quality of chrysanthemum cut flowers (<i>Chrysantemum morifolium</i> L.) RITA HAYATI, AINUN MARLIAH, RIFA NARIZKY	182-197
<i>Stevia rebaudiana</i> : Phytochemical, pharmacological activities, and plant tissue culture (a mini-review) FAHRAUK FARAMAYUDA, RENALDI OKTAVIANUS, ELFAHMI	198-208

AUTHOR GUIDELINES

Manuscripts must be original. By publishing only original reports, JN is committed to deterring plagiarism, including self-plagiarism. Note that all manuscripts may be screened during the submission or peer-review process.

Text. Manuscripts must be prepared using accepted word-processing software. Times new roman 10th, double coloums.

Tables. Tables may be prepared in Microsoft Word or Microsoft Excel and must be embedded in the word-processing file. Authors are asked to follow these guidelines: (1) Number tables consecutively using Arabic numerals. (2) Include a descriptive heading that explains the table. (3) Give footnotes a letter designation, and cite in the table by italic superscript letters, labeling sequentially by lines of the table.

Graphics. The preferred submission procedure is to embed graphic files in the word-processing document near the point where they should appear in the final publication. Separate graphic files may also be included with the submission package. Additional acceptable file formats for graphics are TIFF, PDF, or EPS (vector artwork). EPS files: For EPS files, all fonts should be converted to outlines or embedded in the graphic file. The document settings should be in RGB mode. EPS is preferred for line-art figures. TIFF files are preferred for photographs. A rule should not be placed around the graphic.

Colors. Choose colors that will allow all features to be clearly visible on white paper, and format in RGB color mode. The RGB requirements are essential for producing high-quality graphics within the published manuscript. Graphics submitted in CMYK may be used; however, the colors may not appear the same in the final output.

Naming and Numbering. Name your graphics Figure 1, Figure 2, etc. (Arabic numerals), consecutively, and for figures not embedded in the text, place a call-out in the main manuscript text where the graphic should be located. Boldface Arabic numerals should be used for numbering structures.

Lettering. Lettering should be 10 points, and lines should have ≥ 0.5 -point thickness at final printed size. Lettering and lines should be of uniform density. Size. Submit graphics at the required print publication size. At printed size, graphics must be 300 dpi for color art and images containing photographic material, 600 dpi for grayscale art, and 1200 dpi for black and white line art. The resolution requirements are essential for producing high-quality graphics within the published manuscript. Graphics submitted at lower resolutions may be used; however, graphics that do not meet stated resolution requirements may appear at a lower quality in the final output.

Titles, Abstract, Footnotes, Captions, Legends. Schemes may have titles and footnotes. Figures must have captions. To save space, place legends for graphs within the main body of the graphic, whenever possible.

Acknowledgment. Include financial support, technical assistance, advice from colleagues, gifts, etc. Be precise and thorough when acknowledging funders and include grant numbers where appropriate.

References. Compile all references together in a list at the end of the manuscript text. Many references will link directly to the cited article or other Web sites. It is crucial that authors verify the accuracy of references cited. Authors must reference all previous publications in which portions of the present work have appeared. Literature references should be numbered with Arabic numerals in the order of their first citation in the text and the corresponding superscripted numbers inserted at the appropriate locations in the text. References will be properly formatted during the technical editing and page formatting process. Articles accepted for publication should be cited as "in press"; the DOI should be given if the paper is published online only.
